Program Advisors

Prof. Gao-Jun Teng
Chairman of CCI &
President of Zhongda Hospital,
Southeast University

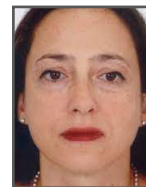

Dr. Shinichi Hori
Director of IGT

International Faculty

Prof. Darren Klass
Clinical A. Professor of
Interventional Radiology,
University of British Columbia

Dr. Katerina Malagari
Professor of Dept. of Radiology
University of Athens Medical School

Regional Faculty

Prof. Ho-Jong Chun
Head of Vascular and
Interventional Radiology,
Seoul St. Mary's Hospital

Prof. Ji Hoon Shin
Professor of Asan Medical Center

Prof. Hee Ho Chu
Professor of Asan Medical Center

Prof. Jin Woo Choi
Professor of Seoul
National University Hospital

Dr. Cho Young Jong
Interventional Radiologist
Gangneung Asan Hospital

Prof. Man Deuk Kim
Professor of Yonsei
University Severance Hospital

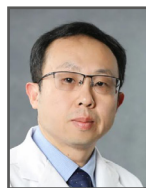

Prof. Ki Chang Han
Professor of Yonsei
University Severance Hospital

Prof. Joon Ho Kwon
Professor of Yonsei
University Severance Hospital

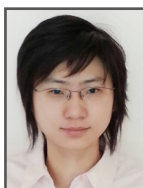

Prof. Xu Zhu
Director of Department of Radiology,
Beijing Cancer Hospital

Prof. Gang Sheng
Capital Institute of Paediatrics

Prof. Haofan Wang
Attending Physician,
Department of Interventional
Therapy, Third Affiliated Hospital
of Sun Yat-sen University

Prof. Ma Jingqin
Attending Physician of
Zhongshan Hospital

Prof. Po Chin Liang
Director of Radiology
Department of NTUH-Hsinchu
President of TSIR

Dr. Sheng Lung Hsu
Vice Director of Radiology, CMGH

Dr. Ming-Chen Paul Shih
Kaohsiung Medical University Hospital

Prof. Jaw-Yuan Wang
Director of Ping Tung Hospital

Prof. Keerati Hongsakul
Professor of Prince of Songkla
University

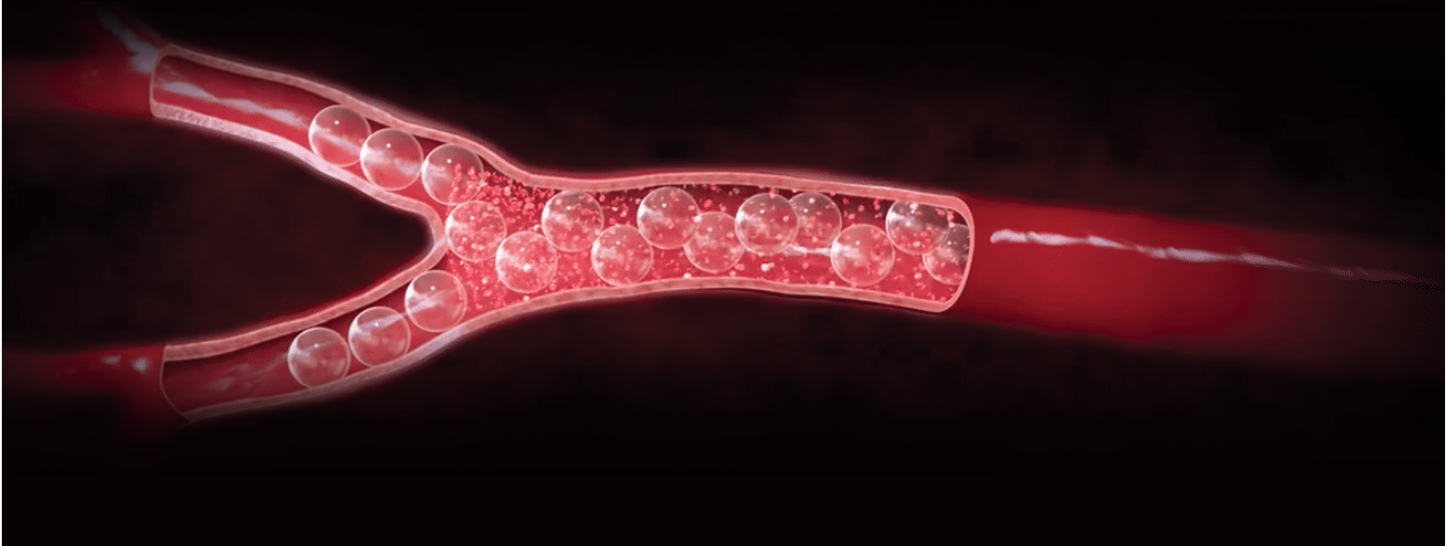

Prof. Somrach Thamtorawat
Professor of Siriraj Hospital,
Mahidol University

Prof. Nutch Pinjaroen
Professor of Chulalongkorn University

ThinkEmbolics Month

OUR COMMITMENT TO Embolotherapy & Solution!

Merit is committed to physician education and training. We aim to bring the Experts from Europe, North America and Asia together to address the current challenges in Embolotherapy and to provide its Clinical Significance in Hypervascular Tumors, Metastases to Liver, Renal Tumor, Woman Disease and Beyond. This program is for Interventionists, and will be dedicated to the use of Embosphere and HepaSphere for the solutions to various diseases. This year, both online and offline meetings along with ThinkEmbolics Month will start from June. The 6-hours online course and the 24-hours offline workshops combine high-impact didactic presentations, imaging review, procedural tips & tricks and Embolotherapy procedures, to provide an immerse educational experience. It will focus on current clinical evidence, technical tips and tricks, and focus group discussion with the experts in order to provide the latest trend and a comprehensive exposure to Embolotherapy.

Upon completion of this course, participants would have

- Obtain good understanding of clinical evidence and the latest trend in Embolotherapy
- Understood the relevant anatomy and predictors of success
- Confidence in handling various Embolotherapies & Advances
- Learnt about "Tips & Tricks" in various Embolotherapies from the experts

Interventional Oncology Weeks

	Topics	Speakers
8 June 2023	Advancing deTACE in Liver Cancers Management	Prof. K Malagari

Interventional Oncology Week

	Topics	Speakers
15 June 2023	Meets The TSIR- Logoregional Treatment for mCRC Moderators: Prof. PC Liang, Dr. S Hori Welcome Speech mCRC Treatment. Surgeon Perspective mCRC Treatment. IR perspective My mCRC Practice How I do HepaSphere-TACE for mCRC?	Prof. PC Liang Prof. JY Wang Dr MC Shih Dr. SL Hsu Dr. S Hori

Meets The Society of Interventional Radiology

	Topics	Speakers
20 June 2023	Meets The CCI Moderator: Prof. Ho Jong Chun, Prof. Zhu Xu Opening Speech SwiftNinja for Paediatric Interventions TRA Consensus in China HepaSphere-TACE vs cTACE in Advanced HCC Management HepaSphere-TACE for mCRC Management Discussion	Prof. GJ Teng Prof. S Gang Prof. JQ Ma Prof. Haofan Wang Prof. AW Feng ALL

Access & Navigations

	Topics	Speakers
28 June 2023	KSIR Meets TSVIR- ThinkRadial Expert Talk Moderators: Prof. JH Shin and Prof. K Hongsakul Opening: TRA for AML Interventions TRA for AVF Interventions TRA for BAE TRA in Interventional Oncology TRA in PAE Discussion/ Q&A	Prof. JH Shin and Prof. K Hongsakul Prof. HH Chu Dr. YJ Cho Prof. JW Choi Prof. Nutchra Prof. Somrach

Asia F2F Workshops

China
Meet The Expert- ThinkRadial, Think Merit
Prof D Klass

South Korea
Meet The Experts- UFE Chapter
Prof. MD Kim and Prof. KC Han

Taiwan and Hong Kong
Meet The Expert- ThinkRadial, Think Merit
Prof D Klass

Malaysia
Meet The Experts- Difficult Liver Cancers Chapter
Dr S Hori
